SUMMER SCHOOL - LOST IN BIH!

My travelogue about Bosnia

There is one magical story that there are invisible, unbroken umbilical cords of the homeland that give birth to a man from its lush fertile land and always pulls him to it, until he returns to it forever.

Although we do not see them, we are all constantly fond of the body, mind, heart, love, belonging to the land, water, and grass from which we grew up. We decided to walk together through the fields of BiH, smell the forests, visit monuments, feel the people, strengthen cultures, speak languages, remember memories, revive tastes.

We are starting our BiH travelogue!
We celebrate values, nurture youth, and return to our roots!
